The Eraser tool can remove a specific object or an entire area by highlighting the content and pressing the Erase Command key. Figure 3-2 shows the Clone Stamp tool in use. The Shadow/Highlight and Levels tools help you control the light and dark areas of your image, whether the light or dark areas are important or not. Watford camp is in a spin after ex-manager Quique Sanchez Flores agreed to become the new manager of West Brom. The Spaniard, who was sacked in May following two seasons with Watford, will meet Steve Clarke to negotiate a deal to take over at the Hawthorns. Negotiations are expected to take place over the course of this week, with the Baggies expected to accept a fee of around £3million for the Spanish coach. Flores agreed a three-year deal at Watford in October 2013 and was widely criticised by fans for his poor track record during his tenure, when the Hornets failed to finish above the relegation zone for the first time in their history. His last match was a 3-0 home defeat to Stoke on May 4, in which he criticised his squad for their lack of battling qualities and said that the squad is "finished." Flores also praised Hornets' fans and coaches for their loyalty but added: "I don't know what they (the fans) are expecting. "They want me to be more ambitious and I promised to work hard to achieve it. "I will work for them, for the team, for the club and for myself." Read More The former Watford manager had said: "I don't see any difference, we play in the Championship and we have a great history. "I know lots of people there and they have a great history and it's a pleasure to be there. "They will go up and down, just like Watford. "We want to do things well, we
